or

7.30pm to 9.30pm

(buffet will be available from 7pm)

**The Fairway Tavern, Old Herts Lane, Welwyn Garden City, Herts,
AL7 2ED**

The LPC has commissioned CPPE to deliver these events to help pharmacies meet the quality payments scheme. This programme aims to develop your knowledge, skills and confidence in using the Summary Care Record (SCR) routinely in your practice, and maximise the opportunities it presents to improve clinical outcomes for patients. On completion of all aspects of this learning programme you should be able to:

- identify how accessing the SCR routinely can provide important information that can be used to improve clinical outcomes for patients
- identify other sources of useful information to complement the information in a patient's SCR
- describe situations where not accessing the SCR could compromise patient care
- apply effective consultation skills to obtain informed consent from patients to access their SCR
- plan successful use of SCRs in practice based on case studies
- describe the roles and responsibilities of the privacy officer

Please note there will be pre-workshop material for this event which will take up to 3 hours.

**To book your place at the above event email which date you wish to attend, your name and the name of your pharmacy to
info@hertslpc.org.uk.**

To achieve the Quality Payments Points worth a value of **£640**, on the day of the first review, the pharmacy can demonstrate a total increase in access to Summary Care Records between 1 December 2016 and 28 April 2017 in comparison to the previous 5 months; and on the day of the second review, the pharmacy can demonstrate a total increase to access to Summary Care Records between 1 May 2017 and 24 November in comparison to the previous 7 months.

This will be a popular workshop, so book soon to reserve your place before it's too late!

This workshop will not give you access to the SCR application; it is about making more use of it once you have access.
