

Bedfordshire Local Pharmaceutical Committee

## Electronic Medicines Optimisation Pathway (EMOP)

### Bedfordshire Launch for Lister Hospital

#### WHY COME?

**Tuesday 12<sup>th</sup> March 2019**

**7.30 to 9.30 pm**

Buffet will be served from 7.00pm

**The Rufus Centre,  
Steppingley Rd, Flitwick, Bedford MK45 1TH**  
(free parking is available at the venue)

The EMOP service is the electronic and secure transfer of a patient's discharge information from the hospital to the patient's nominated pharmacy through the PharmOutcomes platform, if consent is provided by the patient. This will enable you to provide better care and have the knowledge of changes to your patients' medication.

The EMOP service is live at The Lister Hospital, Stevenage which also serves Bedfordshire patients.

Community pharmacies will **automatically be opted in** to receiving this information through PharmOutcomes, if patient consent is obtained. It is therefore essential that all pharmacies and their staff understand what this service is about and how they can use this information.

We **strongly** recommend at least one representative from each community pharmacy attends this meeting.

Please e-mail [info@bedslpc.org.uk](mailto:info@bedslpc.org.uk) or fax back the reply slip highlighting the number of attendees from your pharmacy.

EMOP aims to improve the health of the population through medicines optimisation.

Medicines Information will be shared with the patient's nominated community pharmacy if consent is obtained upon discharge. This will enable pharmacies to plan interventions that may be appropriate like MUR or NMS.

Expert speakers from:

Eastern Academic Health Science Network (EASHN)

Lister Hospital, Stevenage

Bedfordshire LPC

Hertfordshire LPC

**Please complete and return by Thursday 28<sup>th</sup> February 2019**
