

# Asthma Focal Point and Inhaler technique events East of England 2019

Book now at [www.cppe.ac.uk](http://www.cppe.ac.uk) or call **0161 778 4000**

## Asthma Focal Point #CPPEasthma

The Pharmacy team in all sectors can play a key role in a person's asthma treatment. Not only can we apply medicines optimisation principles to ensure a person is receiving the most appropriate medical treatment but also we can implement a holistic approach to consider all factors that may influence a person's asthma control and empower them to self- manage their asthma with appropriate inhaler use and a personalised asthma action plan.

This new learning programme will consider how we can provide that essential pharmacy support. We will apply your knowledge of asthma management and guidelines and explore how you can support people to manage their asthma, reduce complications and improve their quality of life.

Location	Date	Booking Link
Norwich	1 May 2019	<a href="#">ID: 48712</a>
