

About us

Our community engagement team is a dedicated group of eight professionals based across Watford, Hertford, Hatfield and Stevenage, working together to support communities throughout Hertfordshire. The team provide clear information about the support available and complete referrals. Our team engage directly with individuals, families and partner organisations, identifying needs early and support clients to access appropriate treatment and recovery services. Ensuring help is visible, accessible and responsive within local communities.

What We Do

- Attend community locations and events
- Provide information and guidance.
- Connect potential clients with treatment services

Why It Matters

Substance misuse can affect anyone and raising awareness around this helps to reduce stigma.

We're here to help people access support and make a change.

Want Us to Visit Your Premises?

We'd love to attend your location to share information and provide support. We can facilitate presentations and overview of our services to staff, meet clients, or a drop in service.
